

COMPANY PROFILE

GPO Partners

Burundi – Congo (DRC) – Rwanda

Audit | Accounting | Tax | Advisory

Since 1997, GPO Partners is operating in Africa with a permanent presence in Burundi, Congo (DRC) and Rwanda. With 5 partners and 50 professionals, GPO Partners is a Global Professional Organization delivering world-class audit, accounting, tax, and consulting services to international companies, as well as national enterprises and public institutions.

Our internationally experienced professionals deliver seamless, consistent services wherever our clients operate. **Our mission is to help our clients and our people excel.**

Our high level of international experience and local expertise enable us to provide superior services with high added value and to present appropriate solutions to specific business issues in Africa.

Member of Deloitte Belgium from 1982 to 2006, and member of the "Institut des Réviseurs d'Entreprises" in Belgium from 1986 to 2020, Philippe Odent performed many auditing and consulting activities in Africa as from 1992. He has made substantial efforts for the development of audit, accounting, tax and consulting activities in Africa, strengthening the relation between Europe and Africa, while privileging harmonious exchanges and development of competencies and technologies, respecting every one's socio-cultural specificity.

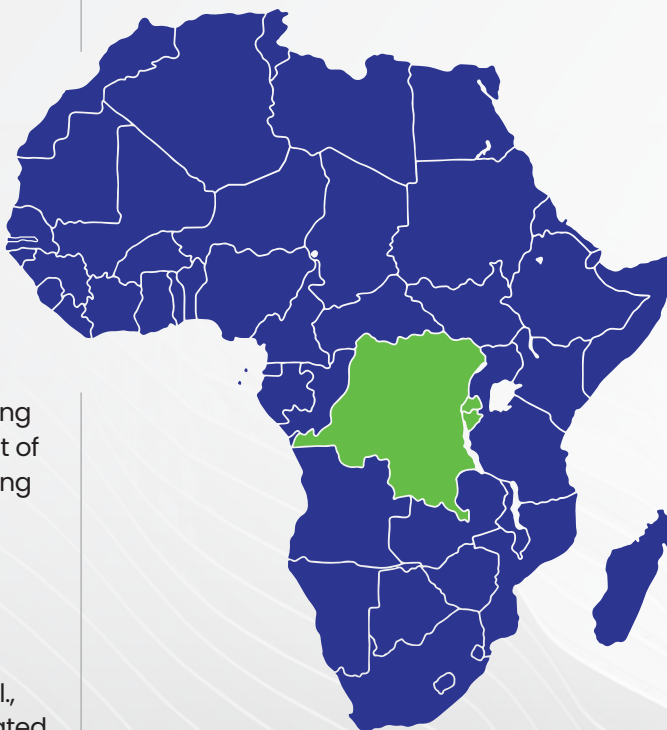

On the initiative of Deloitte Belgium, the following firms were created in Africa:

- In 1998, in the Democratic Republic of Congo, Deloitte & Touche Congo s.p.r.l., now GPO Congo Expertises s.a.r.l., created with Philippe Phanzu;

- In 2001, in Rwanda, with Patrick Gashagaza, Deloitte & Touche Rwanda s.a.r.l., now GPO Partners Rwanda Ltd;

- In 2005, in Burundi, with Patrick Gashagaza, Deloitte Burundi s.p.r.l., now GPO Partners Burundi s.p.r.l.;

Philippe Odent participated to the setting-up of those firms in Africa, for which he ensures coordination today under the name GPO Partners. These linked firms collaborate independently with several international networks, and they work in accordance with the code of ethics and the international standards on auditing issued by the International Federation of Accountants (IFAC).
